

Snatch Blocks | 25 Ton | 435 | Alloy - Single Sheave (Shackle Top)

435 with Shackle

All alloy high capacity snatch blocks

- Entire block made from heat treated alloy steel. Use of heat treated alloy results in a 40% reduction in weight from blocks of comparable capacities.
- Available with bronze bushed sheaves.
- Easy opening feature of "Champion" blocks retained.
- Pressure lube fittings.
- Can be furnished with hook latch.
- Fatigue Rated.
- Meets or exceeds all requirements of ASME B30.26 including identification, ductility, design factor, proof load and temperature requirements. Importantly, these blocks meet other critical performance requirements including fatigue life material traceability, not addressed by ASME B30.26.
- All sizes are RFID EQUIPPED.

Specifications
